THE BULLETIN

UNIVERSITY OF TORONTO

DECEMBER, 1947

PROMOTIONS AND APPOINTMENTS

President Sidney Smith has announced the following appointments:

Faculty of Applied Science and Engineering:

Richard E. Barrett, Manager of the Central Patricia Gold Mines in northwestern Ontario for the past eleven years, is joining the staff of the Department of Mining Engineering with the rank of Professor. On July 1, 1948, he will become the head of the Department, in succession to Professor C. G. Williams, who has indicated his desire to retire.

Dr. G. W. Minard, formerly of Ohio State University and the University of Utah, has been appointed Assistant Professor in the Department of Chemical Engineering.

Faculty of Dentistry:

(Correcting previous listing)

F. L. Cole has been appointed Associate Professor of Prosthodontia (part time).

H. Halderson has been appointed Associate Professor of Orthodontics.

John James Spence, Professor of Science at Ajax, died on the 31st October at Wellesley Hospital, after undergoing an operation. Professor Spence has been on the University Staff since 1925, and was promoted to the rank of Professor a year ago.

COMING EVENTS

MONDAY, DECEMBER 1st

NEWS ITEMS

Dean W. P. M. Kennedy of the Faculty of Law has been highly honoured by Cambridge University. He has been invited by the Masters and Fellows of St. John's College to spend a year in residence and will be given an opportunity to carry on his own studies and research. This is the first invitation under a fellowship which will bring to Cambridge "a distinguished and outstanding scholar from the Dominions."

Dr. C. H. Best, of the Department of Physiology in the Faculty of Medicine recently lectured to the students of Georgetown University Medical School and the George Washington University School of Medicine in Washington, D.C., on "Insulin-Histamine, Heparin and Choline." The Lay Society (membership consisting of diabetic patients of Washington, D.C.) also heard Dr. Best give a talk on "Insulin—Past, Present and Future." Later, Dr. Best gave a lecture on "Advances in Carbohydrate Metabolism" to the Clinical Society of the Diabetes Association of the District of Columbia.

The Library has recently acquired the following periodicals:

- Advertising and Selling
- British Medical Bulletin
- Confluences
- Fontaine
- Food Technology
- Graphis
- International Sugar Journal
- Mercurio; Mensile di Politica, Lettere, Arte, Scienze
- Research
- Social Sciences in Mexico

A fine collection of paintings by the outstanding Canadian Artists, Henri Masson, Lismer and Lorne Harris has been presented to University College by Mr. H. S. Southam, Vice-President of the Ottawa *Citizen*, Ottawa, Ontario, and may be seen in the Library of University College.

Dr. Harvey Agnew, head of the Department of Hospital Administration, School of Hygiene, President of the Royal Canadian Institute and President of the American Physicians' Art Association, was recently honoured by having a reproduction of one of his paintings displayed in *Life* Magazine.

Beaumarchais' famous play, "Le Barbier de Séville," has this year been chosen as the Annual French Play of the University College Depart-

ment of French. The performance will be held in Hart House Theatre on Saturday, December 13th. Performances are always well attended by French-speaking Torontonians and students.

Professor E. A. Allcut, head of the Department of Mechanical Engineering, will address the Warm Air, Heating, and Air Conditioning Association, at the Chateau Frontenac Hotel, Quebec City, on December 12th.

Mr. J. R. Morris, K.C., and Mrs. James H. Craig have made a gift of funds to the University for the establishment of a prize in Civil Engineering in memory of their late father, Dr. James L. Morris, who was the first graduate of the School of Practical Science, in the year 1881.

Professor R. D. P. Finch of the Department of French spoke on November 20th to the Toronto Dickens Fellowship on "Charles Dickens in France." An account of this address appeared in the *Toronto Evening Telegram* on Friday, November 21st.

Books published by members of the staff:

The First Epistle of Peter. The Greek Text with Introduction and Notes. Edited by Francis Wright Beare. Publishers—Blackwell, Oxford. Agents for Canada—Copp Clark Co. Ltd. Price, \$3.50.

A Study of Goethe, by Barker Fairley. Publishers—Oxford University Press. Price, \$4.50.

Readings in Money and Banking—edited by Miss E. M. Rosengren. Publishers—The University of Toronto Press. Price, \$4.00.

Recent publications of scientific papers by the staff in Chemical Engineering include the following:

Determination of the Relative Acidity of Wood and Adhesive Joints, by Professor E. A. Smith and F. A. DeMarco; *The Kinetics of the Formation of Ethanolamines*, by Professor R. R. McLaughlin and C. Potter; *The Kinetics of Consecutive Second Order Reactions*, by Professor W. C. Macdonald and C. Potter; *Fractionation of the Reaction Product of Linseed Oil and Glycerol*, by Professor J. G. Breckenridge and J. H. E. Herbst.

The Bulletin is published by the Department of Expansion Plans. Members of the Staff of the University are asked to send news items which should be announced here to Room 622, Simcoe Hall MI 6611, Local 51.
